## 2. ABOUT US:

We are a recognized cooperative Group in Spain formed by Santa Isabel and Culpaval that harvest high quality certified seed potato since 50 years.

Our 100 growers and 10.000 tons harvest make us leaders of potato seed producers in Spain.

The Production area is located in north of Burgos and Palencia province, valleys of Tozo, Valdelucio and Valdivia, unbeatable areas for the seed potato.

## 5. QUALITY CONTROL:

In Santa Isabel y CulpaVal cooperatives the quality control is a priority tool to ensure the highest quality of our products.

100% of the potato seed lots are inspect officially by “Centro de Control de la patata de Castilla y León” and own laboratories.

We made a strict control of every one of the lots and parcels where our potato seed are grown and even the time of packaging. Allowing be controlled all times.
